Employment History

2018 – 2020

BRNO

UX/UI Designer

Konica Minolta

Thanks to interesting projects for Konica Minolta, I smoothly switched from hardware interface to software interface.

The most interesting was the work on the development of a new application AireLink - the remote support system.

I learned on this project how a UX designer should work and proceed. From concept, prototyping to customer interviews.

2016 – 2017

BRNO

Illustrator

Bezlepkova.com

For the company Bezlepkova.com I worked as an illustrator of packaging for their food products.

I also created short animated commercials for them.

Sep 2011 – Aug 2014

INGOLSTADT

Interface Interior Car Designer

Audi

Working at Audi was my greatest experience so far. I worked in a professional environment. I gained experience in leading my own project from start to finish, communicating with various departments.

I worked in the Interface Design department. My task was to design the controls in the interior. Over the years, I have worked on several different projects, including the 2012 Audi Crossline Coupé Show Car.

Furthermore, models A4, Q5 and A1 facelift.

During the project, I went through all phases of development from concept, through technical development to implementation.

Dec 2010 – May 2011

MLADÁ BOLESLAV

Interior Car Designer

Škoda Auto

Work placement within the diploma thesis at the Interior Design department.

I participated in internal projects related to Interface Design.
